

Wants & Needs

Extension Activity for *Earn, Save, Spend & Share* or *I Need It! I Want It!* Presentations

Grade Level:

Grades 1- 2

Learning Objective:

This extension activity, along with the *Earn, Save, Spend & Share* or *I Need It! I Want It!* presentations should help students:

- identify the differences between needs/wants through classroom discussions, illustrations
- and conversations with family members

Materials Needed:

- *Wants vs. Needs* worksheet (1 per student)
- *Wants & Needs* worksheet #1 (1 per student)
- *Wants & Needs* worksheet #2 (1 per student)
- *My Family's Wants & Needs* worksheet (1 per student)
- pencil (1 per student)

Lesson Plan:

1. Review the differences between wants and needs with students:
needs: items people require to survive such as food, clothing, shelter and sleep
wants: items people don't need to survive but make life more fun such as candy and toys
2. Remind students needs and wants are different for each person. Everybody needs food, water, sleep and shelter to survive. However, the amount needed vary amongst different people. For example, some people may require more sleep than others. Some people may have needs that others do not. For example, some people may need glasses to see but other people can see without glasses
3. Explain to students' people purchase both items they need and want. Some places sell items people need such as food. Some places sell items people want such as toys. Some places sell both items that people need and items they want. For example, a grocery store sells both items people need (e.g. healthy food) and items they want (e.g. candy)
4. Review the different places where people purchase goods such as grocery stores, stores, bookstores, shopping malls, convenience stores, thrift stores, etc.
5. Distribute worksheets for students to complete. The *My Family's Wants & Needs* worksheet will need to be completed at home
6. Review answers to worksheets with students after they have completed the activities

Wants vs. Needs

We need some things to survive, but some things we want but don't need. Look at the pictures below and circle whether you think each one is a need or a want.

 LOLLIPOP NEED WANT	 PETS NEED WANT	 CANDY NEED WANT
 SOCCER BALL NEED WANT	 CLOTHES NEED WANT	 MOVIES NEED WANT
 COFFEE NEED WANT	 MEDICINE NEED WANT	 TOOTHBRUSH NEED WANT
 FRUITS & VEGETABLES NEED WANT	 SOCKS NEED WANT	 BOARD GAME NEED WANT

My Family's Wants and Needs

Ask a parent or guardian for some help on this worksheet. Talk about answers to the following questions to find out what your family needs and wants are:

1. What are some of our family's needs? What do we need that we use in the kitchen or bathroom? What do we need that we use everyday? What are some things we need that we only use occasionally?

2. What are some things family members want to buy? Who in our family wants these items?

3. How do we decide whether an item is a want or a need?

4. How do we decide which of our wants to get?

5. How do we save or earn money for our wants?
